

Why do you need an *Institutional Product* for your organization?

- You own the Site License — copy and distribute the materials to as many nurses in your organization, and for as long as you like.
- You can load the product onto your company intranet for easy access.
- Your product will not become outdated — material is updated as necessary.
- You get memberships to the Nurses' Success Network for all of your nurses.
- Your product is guaranteed for all that participate.

**Your nurses will pass the test --
I guarantee it!**

If any of your nurses fail on the first attempt, I will pay for them to retake the test and give them private tutoring to assure their success! *-David Woodruff*

You get a world-class product with unprecedented individual support for your nurses, for the one-time fee of \$1997. Choose from the packages below, order today, and add David to your team!

Fact Sheet for Institutional Certification Products

If your goal is to get your nurses certified, then look no further!

The institutional version of the “Test Prep” certification programs includes the same great quality information as the individual programs, with one huge difference: ***support for as many nurses as you want to get certified!***

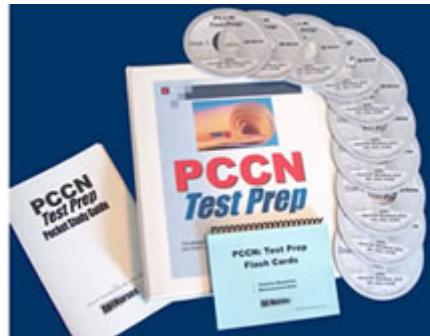

With an institutional version, you will get a “site license” so that your hospital will be able to copy the materials as much as you need them. You can make additional workbooks, copy the CDs, or even post all the information on your hospital’s intranet for nurses to access from home. When you buy the institutional version, you get the license to use the program as you wish.

But, there is a catch! You must use the program materials in its entirety; including the flash cards, pocket study guides, and the on-line resources provided at: www.nurses-success-network.com. The system is carefully compiled to assure that your nurses pass the test, so please do not alter the content in any way.

Our guarantee is for all your nurses who use the program. The guarantee is: **“Your nurses will pass the exam,”** period! Hundreds of nurses have already become certified with these programs, and yours will too! ***We have a 100% pass rate!*** If your nurses don’t pass on the first attempt, I will give them private tutoring and pay for them to retake the exam! Again, the goal is to get your nurses certified and I am totally committed to their success.

Your satisfaction is fully guaranteed too! You don’t need to decide now if the institutional product is for you, just get it and try it out. If your nurses don’t feel more confident, or if their nursing care doesn’t improve, or if you don’t absolutely love it, just let me know and I’ll give you every cent of your money back. No questions asked.

Now that you know that there is no risk in the decision – your nurses will pass the test and you will be totally satisfied – let’s look at your options.

Everything your nurses need to be successful is included: 1) a comprehensive workbook (approx. 140 pages), 10 hours of content and review on audio CD, Pocket Study Guide for review on-the-go, and Flash Cards for memorization of important information.

Call (800) 990-2629, or visit www.Ed4Nurses.com/hospitals today and add me to your certification team. I guarantee that you won’t be disappointed!
