- ✓ On-line resources

ED4NURSES offers a wide variety
of solutions for your
continuing education needs!

David W. Woodruff, MSN, RN-BC, CNS, CEN, President of Ed4Nurses, Inc. and clinical nurse expert, began his career as a paramedic. After years of working in the field, he wanted to do more. "As a paramedic, I got to see the health care system from the outside, and I really appreciated what nurses did. They were the ones at the bedside implementing the interventions and that excited me, so I went to nursing school."

He has worked in MICU, SICU, CCU, and neurological and trauma units. He also taught medical-surgical and critical care nursing, and is a frequent contributor to Nursing, RN, LPN, and Nursing Made Incredibly Easy. David is a member of the National Speakers' Association. NSA is the recognized community for developing the content expertise, platform excellence and business knowledge of those who speak professionally. David is also the president of Ed4Nurses, Inc., which provides a wide variety of continuing education products and services for nurses and hospitals.

You will pass the exam, I GUARANTEE IT!*

**If you fail the certification exam on the first attempt, I will pay for you to retake the test and provide coaching to assure your success!*
